

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

ERRATA.

(Some distressing errors appeared in the last number of the Bulletin, due to lack of time to submit the proof to the authors of the articles, and to hasty proof reading. Hereafter all articles submitted for publication will be submitted to the authors for revision, hence copy should reach the editor at least three weeks in advance of its publication.—Ed.)

- Page 77, line 1, for 1902 read 1901.
- Page 77, line 7, for story read stay.
- Page 77, line 7, for 1900 read 1899 and for 1902 read 1900.
